

HAWAII'S BIG ISLAND

Top Left: Map courtesy of the Hawaii Drive Guide. You'll find this, as well as more detailed driving maps for the entire island, in your complimentary copy of the DriveGuide, available at all car rental counters.

WHEN YOU LAND ON THE BIG ISLAND OF HAWAII...

At both the Kona and Hilo airports, the car rental counters are located right across the street from baggage claim. Some companies will have your car at the counter location; others will take you to your car in their courtesy shuttle van. Taxi service is also available at both airports, curbside near the arrival gates. Every car rental company has the **Hawaii Drive Guide**—the Map Magazine. If the rental agent doesn't give you a **Drive Guide**, ask for one—it's free.

Tip: Send the person renting the car ahead while the rest of the party picks up baggage. Then the driver can meet you curbside outside baggage claim—much easier than carrying luggage on and off a shuttle van.
