

KAUA'I

Hawai'i's Island of Discovery

WHEN YOU LAND ON KAUA'I...

The car rental counters and courtesy shuttle vans are right across the street from baggage claim. Taxi service is also available outside baggage claim. Every car rental company has the **Kauai Drive Guide**—the Map Magazine. If the rental agent doesn't give you a **Drive Guide**, ask for one—it's free.

Tip: Send the person renting the car ahead while the rest of the party picks up baggage. Then the driver can meet you curbside outside baggage claim—much easier than carrying luggage on and off a shuttle van.

Right: Map courtesy of the **Kauai Drive Guide**. You'll find this, as well as more detailed driving maps for the entire island, in your complimentary copy of the **Drive Guide**, available at all car rental counters.
