

MAUI

The Magic Isle

WHEN YOU LAND ON MAUI...

You need to take a courtesy shuttle van to the car rental counters in both Kahului and Kapalua. In Kahului, vans for the major car rental companies run continuously; just turn right as you exit baggage claim. In Kapalua, call on the courtesy phone at baggage claim for curbside pick-up. Taxi and limousine/shuttle service are also available curbside at both airports. Every car rental company has the *Maui Drive Guide*—the “Map Magazine.” If the rental agent doesn’t give you a *Drive Guide*, ask for one—it’s free.

Tip: In Kahului, send the person renting the car ahead while the rest of the party picks up baggage. Then the driver can meet you curbside outside baggage claim—much easier than carrying luggage on and off a shuttle van. (In Kapalua, the rental counters are a couple of miles away, so we recommend that the entire party take the shuttle.)
