The Gathering Place

## WHEN YOU LAND ON O'AHU...

Courtesy vans for all major car rental companies, as well as Waikiki shuttles and taxis, are right outside baggage claim. Every car rental company has the **Oahu Drive Guide**—the Map Magazine. If the rental agent doesn't give you a **DriveGuide**, ask for one—it's free.

Tip: Send the person renting the car ahead while the rest of the party picks up baggage. Then the driver can meet you curbside outside baggage claim—much easier than carrying luggage on and off a shuttle van. (For those renting from Alamo, the rental counter is outside the airport loop, so we recommend that the entire party take the shuttle.)

Above: Map courtesy of the **Oahu DriveGuide**. You'll find this, as well as more detailed driving maps for the entire island, in your complimentary copy of the **DriveGuide**, available at all car rental counters.
